## Medi-Cal 2000 The Healthcare Event of the Year

**Medi-Cal 2000** is coming soon. Over 6,000 administrators, clinicians and billers attended **Medi-Cal '98**. You won't want to miss this event.

**Medi-Cal 2000** is a comprehensive, healthcare forum covering a variety of key topics from the Medi-Cal and public health arenas. This event will offer seminars, CME/CEU courses, keynote speakers, and vendor exhibits.

**Medi-Cal 2000** has expanded to offer more seminar topics, vendor exhibits, policy makers, and subject matter experts. Presentations will be designed specifically to meet the needs of healthcare administrators, clinicians, and billing professionals all in a single setting. **Medi-Cal 2000** offers providers an excellent forum to network with other medical professionals. Department of Health Services policy makers, special program representatives, healthcare industry associations, and managed care plans will also be available to present the latest information and to answer questions on issues impacting healthcare providers.

Each day the latest information on emerging Medi-Cal policy and other health care programs will be presented in addition to receiving instruction on how these changes will affect billing practices. Day 1 is devoted to Allied Health; Day 2 is Medical Services, Vision Care, and Pharmacy; Day 3 is Inpatient, Outpatient, and Dental, along with daily Continuing Education courses. Where is Medi-Cal now? Where is it going in the new millennium?

Find the answers to these questions and more at **Medi-Cal 2000!**

## Medi-Cal 2000 Highlights and Features

**Medi-Cal 2000** seminar topics, vendor exhibits and keynote speakers have been selected based on YOUR requests.

At **Medi-Cal 2000**, DHS representatives are waiting to talk to you about issues such as:

- Medi-Cal Policy
- Showcase Technology
- Fraud and Abuse
- Public Health Issues
- Managed Care
- Healthy Families
- Health Program Initiatives
- Women's and Children's Health Issues

In addition, electronic billing vendors, Medi-Cal Regional Representatives and several special program representatives will be available in an exhibit setting to discuss your individual concerns. A keynote speaker will begin each day addressing issues that are shaping today's healthcare industry. Choose from over 49 presentations and CME/CEU courses covering a spectrum of topics from the Medi-Cal and public health programs.

All of this and more is awaiting you at **Medi-Cal 2000**.

## Medi-Cal 2000 When? Where? Cost?

Best of all... **Medi-Cal 2000** is FREE! There is no charge. We hope that all Medi-Cal healthcare professionals, administrators, and billing personnel will participate in **Medi-Cal 2000**.

If you attend just one conference this year, make it **Medi-Cal 2000**.
